A schematic diagram of a vertical assembly. At the top is a horizontal ring labeled **F**. Below it is a vertical rod labeled **D**. A downward arrow is next to the rod. Below the rod is a small component labeled **A**. Another downward arrow is next to the rod. Below **A** is a base structure. Two vertical springs, labeled **B** and **C**, are shown on the left and right sides of the base. Upward arrows are next to each spring. The base is labeled **E** at the bottom center.
