

Assembly instruction - Double bed Gava

Step 1.

Turn the bed linen box upside down and place four plastic legs in the corners. Connect the legs to the floor of the box using screws. Place two plastic legs in the middle of the floor of the box where the substructure is located on the inside. Screw the legs to the floor of the box 2.

After mounting the legs, turn the box so that it stands on the legs.

Step 2.

Place the headboard 3 parallel to the shorter side of the bed linen box 2. Place the three screws that are screwed to the headboard 3 in the direction of the holes on the bed linen box 2. Pass the screws through the holes and fasten the headboard 3 to the box 2 by screwing the nuts to screws from the inside of the box 2.
