

Product Benefits & Features

Cooking with steam can preserve up to 90% of vitamin C.

The SteamPro oven provides you with baking, roasting, stewing and steaming functions to get the most out of your recipes. Steamify adds the right amount of steam, making your favorite food crispy and tasty with up to 90% of vitamin C retained.

Based on external tests comparing raw broccoli against steamed broccoli vitamin C levels. Test performed based on determination of ascorbic acid (vitamin C) in foodstuff by HPLC/UV-visible method

Take control of your cooking with EXCite

EXCite is the responsive touch-screen TFT display that gives intuitive access to the different features of your oven. It provides you with information as you cook, ensuring you have full control over your recipes.

Assisted Cooking. Extra help when cooking

The AssistedCooking function gives you intuitive access to a wide range of dishes where the oven adjusts automatically. Or the time and temperature can be fully controlled by you.

Steam Cleaning. For effortless oven cleaning

Steam Cleaning notifies you when it's time to clean and easily remove grime with a damp cloth. Using steam to clean stains, it requires up to 95% less energy than pyrolytic cleaning.

Get connected. And change the way you cook

Connectivity lets you control your oven from anywhere with our app. Get tips and improve cooking techniques with app-controlled functions at your fingertips.
